

POWERPACK 410

INTRODUCTION

For those who enjoy an easy set up for complete PA systems, Phonic proudly presents a superb solution. With the long-time popular Powerpod 410, accompanied by two newly designed two-way 10" speakers, a low impedance professional microphone (with clip, cable and carry-pouch), and two 20 foot speaker cables, the PowerPack 410 may just draw a conclusion to your search for the ultimate system.

This complete PA package includes:

- 1x Powerpod 410 powered mixer
- 2x SEM710 two-way 10" stage speakers
- 2x 20ft speaker cables
- 1x mic with clip, cable and carry pouch

FEATURE

Powerpod 410 Powered Mixer

- ▶ 4 mic/line input channels
- ▶ Variable digital delay

- ▶ XLR and 1/4" TRS phone input jacks
- ▶ Super musical 2-band EQ at mono channels
- ▶ Additional 1/4" stereo jack for external signal to use the built-in power amplifier and sending Main output to external power amplifier
- ▶ Tape In and Record out for CD or tape player
- ▶ Two 1/4" phone jacks for speaker connection
- ▶ Rugged wooden box with carpet protection

2x SEM710 Two-Way Stage Speakers

- ▶ Versatile use as a floor monitor or mounted as a raised sound reinforcement speaker
- ▶ Power handling (RMS/program): 80 / 160 Watts
- ▶ Frequency response: 65Hz ~ 20KHz
- ▶ Sensitivity : 96 dB SPL (1 W / 1 M)
- ▶ 10" heavy-duty woofer & piezo tweeter
- ▶ 8 ohms nominal load
- ▶ Built-in handle
- ▶ 35 mm stand adapter built-in
- ▶ Dual 1/4" phone jacks

System Set Up

1. Connect the mic to the mic input using the included cable
2. Connect your keyboard, synthesizer, guitar/bass, to the line inputs, or connect the guitar to the mic input via the Phonic DB2 direct box
3. Connect the two SEM710 speakers to the speaker outputs of the Powerpod 410 in the back panel using the included cables
4. Before turning on the Powerpod 410, please ensure you turn all level controls and the master control all the way down (to the extreme left)
5. Turn the Powerpod 410 on
6. Adjust the master and channel level controls to a level that will allow the audience to hear you clearly

Adjust the 2-band EQ to sweeten your sound and play with the digital delay to entertain your audience (for more information, please take a look at your Powerpod 410 user's manual)
